Dear Clerk,

Quotation; Amenity and Playing Field Mowing Contract 2017 to 2020

Thank you for the opportunity to quote for your Council's amenity maintenance contract

We offer to continue with our longstanding amenity mowing contract with your council in 2017-20 the specification for your amenity areas and playing field will remain unchanged.

Amenity Areas

Within the amenity areas we will include the verges of Appleby Close and Nightingale Close along with all the verges indicated on your map. To further enhance your village we will ensure all cut grass and debris is cleared from all hard surfaces where maintenance is carried out. Weed control will be applied to any small areas inaccessible to trimmers and mowers. All street furniture and trees in the maintained areas will be carefully strimed around to ensure a completed mowing is achieved. These additions will ensure all areas are maintained to the highest standard and your village is pristine throughout.

Playing Field

The playing field and verges in School road will be mown at fortnightly intervals in the main mowing and less frequently in the late summer to achieve you required 14 cuts per season. To further enhance the verges and playing field we will ensure all cut grass and debris is cleared from all hard surfaces where maintenance is carried out. Weed control will be applied to any small areas inaccessible to trimmers and mowers thus ensuring all maintained areas are tidy. All play equipment and trees in the maintained areas will be carefully strimed around to ensure a completed mowing is achieved.

We note the triangular area reserved for conservation and offer to mow this once when requested, this will be carried out within the contract at no extra charge. The mown path around the area will be mown in conjunction with the main field.

Hedge Cutting

The playing field hedge on the School Road boundary will be cut on all sides in August and the arising disposed of.

Cont./..

Quotation; Amenity and Playing Field Mowing Contract 2017-20

After careful consideration and analysing our costs we offer the following rates for 2017-20
We have only added the agreed 2.5% increase for the last 2 years plus the forthcoming season as the agreed increases were not applied from 2014 to 2016

Our charge for your amenity area mowing will be £154.00 per cut.

Our charge for your Playing Field and School Road verges will be £75.00 per cut.

Our charge for your Playing Field hedge cutting will £70.00 per cut

All charges plus VAT.

We are hopeful your council can find favour with our enhancements to your specification and look forward to the continuance of our contract with your Council

Three Year Contract Term

We also offer a three-year term of contract with the same specification and will add just 2.5% per year for the second and third years to cover rising fuel costs and inflation but only if necessary

We have enclosed our public liability insurance for £5m and our necessary spraying certificates.

Assuring you of our best attention at all times

Yours sincerely,

John Stedman
